KANSAS COMMUNITY COLLEGES
DUAL AND CONCURRENT
ENROLLMENT

Heather Morgan, Executive Director
CC’s provide over 70% of the technical education across the state to all ages of students.
Dual and Concurrent Faculty Qualification Rules

- Each institution offering a dual or concurrent enrollment program retains sole responsibility for determining if and how its faculty, including dual/concurrent enrollment instructors, meet HLC’s faculty qualifications.
- Master’s degree in the discipline or subfield
- Or 18 graduate credit hours in the discipline or subfield they want to teach.
- Or Assisting with the teaching under the supervision of a properly credentialed faculty.
Need for innovative sharing/collaboration

Examples:

- Share staff - ½ CC ½ USD
- CC staff supplement USD staff for college courses AND high school courses either on or off USD grounds.
- Consortium teaching multiple USD’s and CC work together to deliver high school and CC courses
- Consortium teaching multiple USD’s CC courses
- Collaboration- Team Teaching, Teaching Assisting
Many innovations already occurring....

1. CC instructors teaching in multiple USD’s over the course of the day for subjects like College Algebra or Composition.

2. CC instructors assisting USD teachers in delivery of college courses like College Algebra or Composition. CC instructor provides the outcomes, syllabus, grades the tests and assists USD teacher in ensuring class meets learning objectives.

3. One CC provides full and part time instructors for USD on their campuses. CC instructors teach a CTE exploration course (at no cost to the USD) in a rotation to expose them to various career and technical education options and then allow them to enroll in Auto Service, Machining, or Construction programs.

4. One CC provides instruction in non-college, non-technical education classes at the Career and Technical Education Center because students schedules don’t align to allow them to take the (for example English) class at the high school. The high school then accepts that instruction for course credit.

5. Joint hiring between CC’s and USD’s to have courses taught in various locations to maximize the talents of staff who are properly certified to teach dual and concurrent courses.
Collaborator…Matchmaker…Problem Solver

Please contact me if you need any help with anything related to sharing staff, community college services, ect.

Your ideas and needs...

◦ Let’s talk about how we best serve students and help them be successful in regular and CTE college level courses.
◦ How could we get more students into and completing the SB 155/Excel in CTE pathways that lead to good paying or critical need jobs.
Wages of students completing by degree type and living in KS after 1 year

Kansas Promise Scholarship Fund Specifics:

1. Last dollar scholarship which applies after all other federal, institutional and outside scholarships and grants are subtracted from the student’s bill.
2. Pays for tuition, fees, books, and supplies for up to an associate degree (approximately 68 credit hours). Allows the student to attend community college without cost except for any room and board costs they may incur.
3. $10,000,000 across the state available and has been already appropriated for FY 22 and FY 23 to fund the program.

Eligible Students and Income Limits:
(Can attend full-time or part-time- at least six hours a semester and must complete program of study within 30 months.)

1. A Kansas resident who has graduated from an accredited Kansas public or a private secondary school (or Kansas homeschool) within the preceding 12 months.
2. A Kansas resident who has been in KS three or more consecutive years and who is at least 21 years of age or older.
3. A dependent child of military servicemember permanently stationed in another state & graduated in the last 12 months.
4. All eligible students must have family household income equal to $100,000 or less for a family of two, $150,000 or less for a family of three and, for household sizes above three, a household income that is equal to or less than the family of three amount plus $4,800 for each additional family member. If scholarship moneys remain in the Kansas promise scholarship program fund during the award year after awarding all other scholarships pursuant to this section, Kansas promise scholarships may be awarded to eligible students whose family household income exceeds such amounts.

Eligible Areas of Study: (Any two-year associate degree program or CTE certificate or stand-alone program in areas below).

1. Information technology and security.
2. Mental and physical healthcare.
3. Advanced manufacturing and building trades.
4. Early childhood education and development.
5. One additional program identified by each institution for each community colleges eligible programs. Programs for each community college can be found at [https://www.kacct.org/copy-of-enroll-today](https://www.kacct.org/copy-of-enroll-today)

Student obligations/agreements to accept Kansas Promise Scholarship funds:

1. Complete the FAFSA.
2. Complete the Kansas Promise Scholarship Application
3. Enter into a Kansas Promise Scholarship Student Agreement to live AND work in Kansas for two years post certificate or degree completion. This obligation can be delayed if the student seeks higher education. If the student fails to fulfill scholarship requirements the amount of the scholarship must be paid back plus interest.
4. Maintain satisfactory academic progress (SAP) and complete program of study within 30 months of first receiving the Kansas Promise Scholarship. Scholarships guaranteed for a year if student maintains SAP and continues in program of study.
